

Coronavirus scare: Chinese nationals in Bavla screened, test 'normal'

AHMEDABAD: A resident of Bavla approached the local mamlatdar over four Chinese nationals living in a housing society after scare of coronavirus. The local administration carried out a test right at their residences, declaring them 'normal' but still the locals are apprehensive about the viral spread.

Atul Thakor, associated with a socio-political organization, had written a letter to the mamlatdar on February 5. 'In Alok City of Bavla, a family of four to five persons has arrived recently from China. The country is affected by coronavirus and the virus is spreading fast. There is no treatment available except awareness,' mentioned the letter.

"Thus, I request you to immediately test these families as the housing scheme has 250-odd families and they are feeling unsafe. The Chinese should be declared safe after due medical procedure or they should be relocated."

Inspite of challenges, Modi has the capability to face as PM

Our PM Narendra Modi is one of the most influential leaders in the democratic history of the country. One will agree that our PM Modi commands respect wherever he goes. He is going around the world to get Investments so that more Jobs can be created. One would find number of people whose only job is to scorn at our PM. But Modi has the capability to face as PM. He is focussed at his work and there are crores of people behind him to support his effort. This eminent leader is follower of the ideologies of great saint Swami Vivekananda, and Modi even penned pieces revolving around Swamiji and his ideologies.

It is said "Jo Dikhta hai vo Bikta hai" ("what is seen is sold") and our PM Modi is doing the same, making us aware of the schemes that is for our benefit only. He, thus making these schemes run and the economy. He is

one of the most cleanest politician India has ever had. Finally we have someone whom corrupt politicians fear, who has made babus work like private employees which in turn makes our nation more productive and efficient. If we look at the history of India, Politicians who communicate with common people were popular than politician sitting in their offices and don't know about ground realities.

He speaks because he has proved with his work. The cogency of his content of speech makes politics interesting. Even haters in the back of their minds must be convinced with his words. His eloquence may have become one of the reasons for India's popularity in the global front. Modi speaks from depths of what he believes and makes a sincere effort to deliver.

He is the person who can address the United Nations, Madison Square Garden in Hindi thus making Indians proud of their culture. There is no better diplomatic debater in India who can match his wit. Listen to his 'Man Ki Baat' one gets numerous things to learn from him. He is working for almost 16-18 hours a day. He does foreign trips to strengthening bilateral relations and attract foreign investment. For Modi love of the people towards him increases with the abuses hurled at him. He sat an example that anyone can do anything only it require a strong will power. And he is the best example of it. He is seen as a confident leader and stern administrator, which can be seen by his work, by his speeches and also the policies and schemes

initiated by him. He is very economical and knows how to use every penny to the optimum level.

Modi is arguably the most influential personality in the country today. People listen to him and worship him. Political leaders are remembered because of the identity they create for themselves. An identity that the public falls for, an identity that sets them apart from the rest of the politicians. Modi has asserted that India has embarked upon a journey of hope and aspirations, and with the collective efforts of 130 crore people, the country is moving ahead at a fast pace on the path of development.
