

Why people changing traditional jobs / to quirky jobs?

Ahmedabad: Now a days people are preferring Most uncommon profession like becoming fashion stylist, hair designer, nail artist, jewellery designer and many more in digital platform career options rather than traditional jobs like becoming doctor, teacher, engineer etc which were considered as the most highly career oriented options.

As Traditional jobs are jobs that still maintain traditional methods in accomplishing their work. Traditional jobs are slowly drifting away from society as many people tend to pursue career paths that are more promising such as doctor or engineering.

The reason people are preferring quirky jobs more than traditional ones is firstly people are now a days preferring to make their passion as their career now a days there are so many passion oriented careers like who likes to do make up can be make-up artist, if u want to be a fashion stylist with your skills then you also have this option to make it professional based career. artists, comic creators and performers; the debut edition of Ahmedabad

Ahmedabad: Marking a grand finish to two days of epic celebration of the unifying love for pop culture, the debut edition of Maruti Suzuki Arena Ahmedabad Comic Con ringed in #TheBestWeekendOfTheYear for the city's fandom community. Hosted at Gujarat University Convention & Exhibition Centre, Memnagar, Ahmedabad the second day of the event witnessed a bigger congregation of enthusiastic fans and cosplayers revelling in the pop culture celebrations with style.

Homegrown comics' enthusiasts were seen hovering around Abhijeet Kini having their fan-moments and getting autographed

copies of his brand-new comic books, 'Ek Din Ka Hero' & 'Fun Tales of India'. The event also witnessed the team of Bullseye Press unveiling its latest comic series - Inferno. (1-7)

Obstructive Sleep Apnea: Don't ignore that snore!

Ahmedabad: If you are obese and snoring during your sleep accompanied with daytime sleepiness, then you can be a potential obstructive sleep apnea patient. OSA usually occurs due to partly or complete blockage of upper airways. Due to limitation of normal airflow there are rhythmic pauses of breath which can be heard as snore.

This obstructions/ pauses, reduces the inflow of oxygen causing Hypopnea (insufficient oxygen) or Apnea (No oxygen) leading to severe complications like type -2 diabetes, heart problems like heart attack, irregular heartbeat and heart dilatation, paralysis, obesity, dementia, slow metabolism etc. (1-7)

Gujarat Science City WorldWetlandsDay celebration

Ahmedabad: Gujarat Science City witnessed a Super Sunday as more than 50 students participated in the #WorldWetlandsDay celebration (February 2).

On the occasion, DrNishithDharaiya, Associate Professor at Department of Life Sciences, Hemachandracharya North Gujarat University, Patan, apprised the participants about the importance of Wetlands.

DrDharaiya explained how wetlands, besides providing habitats and conditions for life to varieties of plant, fish, and animal species, also contribute towards improvement of water quality, store floodwater, shield coastlines, support biological productivity and absorb pollutants.

During the interactive session, DrDharaiya, informed about steps taken to save Wetlands. The participants promised to save these natural purifiers from becoming victim of climate change. -

Bank of India posts Net Profit in 3rd quarter

Kudos to Bank of India for reporting a net profit of Rs106 crore in the third quarter ended December 31, 2019, against a net loss of Rs 4,738 crore in the year-ago quarter. It is really to be appreciated that in the fourth successive quarter that the BoI a public sector bank has logged a net profit. This reveals that fact that BoI is strengthening on quarter to quarter and there is no doubt that the huge force of BoI has ability to turn around the Bank from any adverse situation. Net interest income rose 24 per cent YoY to Rs 4,119 crore in the reporting quarter against Rs 3,332 crore in the year-ago quarter. Non-interest income has jumped 50 per cent YoY to Rs 2,503 crore in the reporting quarter against Rs1,669 crore in the year-ago quarter. This was mainly due to a marked improvement in recovery in written-off accounts, which soared to Rs 1,337 crore from Rs 262 crore.

BoI is poised for a great leap in future. It is today stronger, bigger, more vibrant and confident bank. Several structural changes were introduced in Bank of India to strengthen the recovery mechanism and to management system was also brought under control. Mission Samadhan has played a vital role in reducing the net NPA as it has helped a lot in dealing with big as well as ARC accounts. BoI is working on strengthening its processes on a quarter-on-quarter basis and is focussing on asset composition, quality and capital maximization which is more important than growing business. Customers acquisition and introduction of new projects, campaigns and products as well as services have given a new impetus.

Bank of India's name is now a household name and

synonymous with growth, development and efficiency. The bank has the best of technology and best of capabilities. It has several firsts to its name and has always been in the forefront for bring about new concepts and changes in the Indian banking scenario. There is no doubt that BoI continues to have a commanding presence in the nation's corporate-industrial realm. It is observed that amongst all banks BoI remains one of the front runners in the commitment and implementation of Financial inclusion initiatives.

BoI is a bank that believes in nation building, ethics & integrity, value for customers, pride for its employees, profitable growth and contributing to society. Top Managements has initiated very good reforms in bank and is reviving very fast. BoI has been built on very sound principles with a unique culture, enriched by successive generations. BoI is really blessed with the dynamic leadership of MD & CEO Atanu Kumar Das and dynamic ED Chaitanya Gayatri Chintapalli.

The huge force of BoI has the capacity to walk an extra mile and put in extra efforts by "Working More" and "Working Better" and will come out with decent figures in March 2020. BoI being placed continuously amongst the most trusted branch in the banking industry reveals the trust of its customers in the bank.

Lastly, I would like to quote the words of Edwin C. Bliss "Success doesn't mean the absence of failures, it means the attainment of ultimate objectives. It means winning the war, not every battle."

Enable the new education policy

The Budget must make provisions that encourage modularity with multiple pathways of vertical and horizontal connectivity between various formats of certification and help create a future-proof workforce India's demographic dividend —the average age of the population is 46 years in the US, 42 years in Europe, 48 years in Japan and 27 years in India — is a mammoth opportunity for the country. With the right education and skills, the country can harness its true potential and bring massive improvements to the economy.

The Union Budget is an important milestone to set the pathway and take the right steps in that direction. The new national education policy proposed by the Government has raised hopes of all stakeholders but the Budget needs to send the right signals and make provisions for the policy to bloom.

Increase allocation for education: A spending of three to 3.5 per cent of the Gross Domestic Product (GDP) on education does not augur well for a country like India. Most developed nations (and several of the developing ones) have already moved their education budgets closer to the six per cent mark.

India should also provision for such improvements as this shall help bridge some part of the inequality and poverty in the country and pave the way for inter-generational social and economic mobility.

India will need to aggressively invest in improving the physical infrastructure in primary schools, take radical steps to improve student retention, make provisions for the specially-abled, spend higher amounts on teachers' training and improve the pay structure for the educators so as to attract the best talents to the profession and bring better governance and performance management by inculcating.
